

Mission: To lead the way in the support and promotion of cycling in and around our local community.

Vision: Encourage and promote cycling as a sport, recreation, activism and lifelong activity.

Goals:

- Develop member skills
- Provide a quality support system
- Provide a safe riding environment
- Benefit the community and be active in bicycle related causes

Upon completion of 20 Races, Cat 3 & 4 Racers get a Free Kit (Jersey & Bibs) for the following year with the purchase of a kit

*All USCF and CBR sanctioned races are eligible for reimbursement. Costs associated with the following will not be eligible for reimbursement: late fees, registration service fees or additional races/second races. Only current club members are eligible for reimbursement. Switching of teams during the calendar year negates eligibility. The fiscal year calendar for race reimbursement is November 1 - October 31. The maximum reimbursement for any single event cannot exceed \$100. Participating members must wear the current year race jersey and complete the event in its entirety (no DNF's) for reimbursement. The only exception to this rule is if the member is involved in an accident and is unable to finish the event. Mechanicals are not an exception. Member must attend 5 club meetings, work at a club sponsored race and help with the holiday party. Velo Allegro reserves the right to make changes to the Race Reimbursement policy at any time. There must be at least 3 Velo Allegro Racers in a race in order for that race to be reimbursable. Club members must wear club jersey on training rides.
